

# Garber UMC C4C and JT Barber Elementary School

## October 2018

Garber UMC has been working hard in service to C4C Partner School JT Barber Elementary School. Volunteers met with and helped students and staff in the weeks following the storm. They were in there to line the 'red carpet' and greet students on their first day back to school!

They have distributed donations to children, provided supplies for their families, and are bringing in a special Halloween snack for all students this week!

JT Barber Elementary Schools had 90% of their students impacted and displaced during the weeks following Hurricane Florence. The constant support of the Garber UMC family has created a lasting Congregations 4 Children relationship.
